

Sort correctly

Food and household organic material

Dispose of food waste ONLY in the green plastic bag, and tie shut securely. Please note: nappies are sorted as residual waste.

Food

Clothing and shoes

Garden waste

Nappies

Cardboard, paper and plastic

Cardboard and paper is placed in the blue tub. Plastic packaging material must be rinsed in cold water and placed in the large, transparent plastic bag.*

All plastic that is not packaging material must be sorted as residual waste.

* For buried disposal containers and containers that empty from the bottom, plastic packaging material can be deposited in plastic grocery bags that have been tied shut.

Paper

Cardboard

Plastic packaging material

Polystyrene foam

Residual waste

Whatever is left after you have sorted what you can. Residual waste must be put in plastic bags, which must be tied securely shut.

Charcoal and ashes must be cooled completely and packaged well.

Nappies
